\$23.6 MILLION

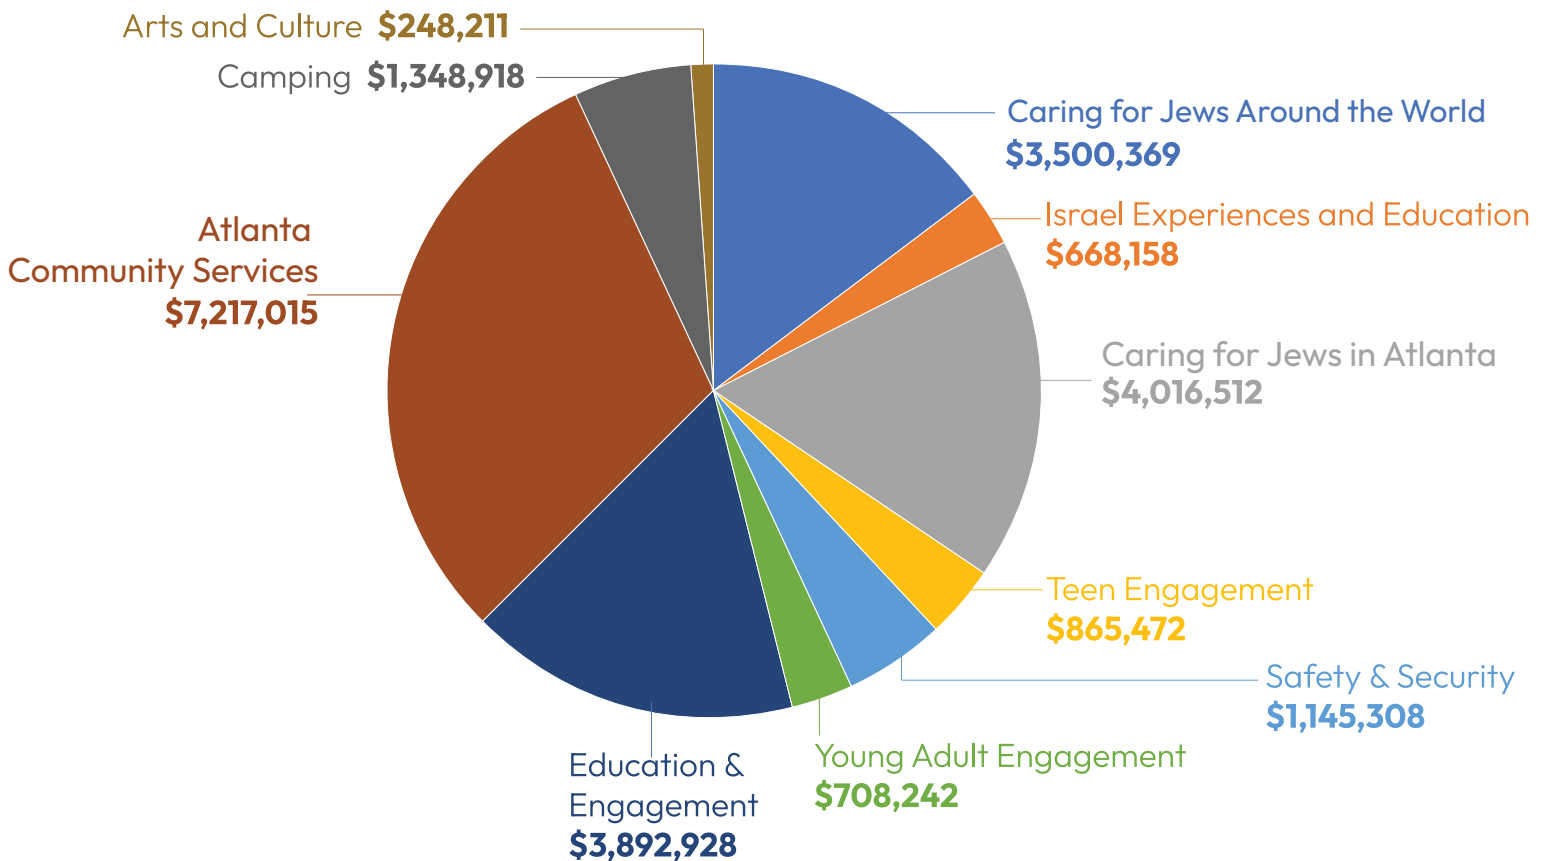

Impact from Community Campaign funds raised

The Jewish Federation of Greater Atlanta is the philanthropic and community champion of Jewish Atlanta.

We partner with agencies, programs and community leaders to understand the most critical issues and needs and identify ways to fill current gaps and build capacity for a bold future. Each year we facilitate a comprehensive process with 65+ volunteers, responsible for identifying the most impactful way to distribute the funds we raise to strengthen and enhance our Jewish communities locally, in Israel and around the world.

The chart below illustrates the distributions of unrestricted and restricted gifts contributed to Jewish Federation's Community Campaign in FY '23.

Your generosity directly impacts the lives of so many. Thank you for the trust you put in us to distribute these resources responsibly.
